CWA WORK IN KENTUCKY TO END APRIL FIRST

Further Relief Contingent on 25 Per Cent Contribution Locally

WORK IN COUNTY TO STOP MARCH 31

COUNTY JUDGE E. P. Phillips and the Calloway county CWA committee received the following telegram Wednesday from Thornton Wilcox, Louisville, federal relief administrator for Kentucky:

"Federal Relief Administration in Washington advises; first that CWA program in Kentucky is to be completely stopped on or before April first. Second, that if further federal relief is to be continued, state and local governments must produce 25 per cent in cash of total relief funds."

"Present beer and whisky taxes are totally inadequate to meet this demand. Unless your county can meet local needs from local funds or legislature provides adequate revenues to match federal grants, relief in your county must cease midnight, March 31."

"In the meantime relief given must be restricted to amounts required to avert actual suffering. March allotment will be sent you within the next few days."

"The local CWA committee stated this morning that it was hoped to be able to complete projects for which sums had already been set aside and which have been held on account of weather conditions."

BUB OUTLAND DIES IN SAN ANTONIO

Young Cherry Resident Suffered From Tuberculosis in W. O. W. Hospital.

Bub Outland, 22 years of age, died last Saturday at the W. O. W. Hospital where he had been confined for sometime with tuberculosis. The remains were returned here for burial.

Funeral services were conducted Monday afternoon at 1 o'clock from the Cherry Baptist church. The Rev. J. H. Thurman was in charge of the services. Burial was in the Hicks cemetery.

Mr. Outland is survived by his parents, Mr. and Mrs. Amos Outland, of near Cherry. He leaves a sister, Mrs. Opal Stubblefield, and two brothers, Milburn and R. C. Outland.

Mrs. A. O. Woods Has Greenhouse

Mrs. A. O. Woods has offered to Murray citizens for the first time up-to-date greenhouse. The structure is located at the rear of the Wood's home on North Fourth street and is very complete and amply constructed for the trade possibilities of this section. The building is 8x10 with ceiling of glass and with a steam heating system for year round culture.

Mrs. Woods has become an efficient florist since her taking up of the work last year before Easter time. The greenhouse was constructed last fall and Mrs. Woods now has her first offerings in beautiful flowers, shrubs and plants. She has enjoyed a nice patronage this year and the business is expected to expand.

Mrs. Woods also has a gold fish pool that fits well with the greenhouse setting. Fish are also offered for sale.

The greenhouse is now an inspiration of beauty with the many flowers in bloom and budding. Ferns, tulips, hyacinths, primrose, lilies and many other flowers are included. Mrs. Woods has many varieties of pot plants, cut flowers, pot plants, wreaths and other floral needs are offered at all times.

The new business for Murray is a credit to the town in that it is complete and well managed and is one of the best in this section.

Cousin of Hendricks in "Our Gang Comedy"

Master O. H. Hendricks, of Hollywood, California, a cousin of Leary Leo Hendricks, of Murray, has been signed as a member of the cast of the famous "Our Gang" comedies, known all over the world as the "amusing gang of kiddies from Hollywood."

Young Master Hendricks is only three years old but weighs 67 pounds.

2nd Regional Tourney Opens Here Friday, 2:30

The Second Regional Tournament opens here Friday afternoon with Kirksey meeting Sylvan Shade, runner up in the Fifth District being defeated 52-17 by the Fulton Bulldogs. Coaches and principals of the region met at Mayfield Sunday afternoon for drawings and making arrangements for the meet. T. A. Sanford, manager of the district, was named regional manager and Bob Fox, of Union City, who called the district here will call the regional. Davis Moore, Bardwell, was named scorer; Charles Boyd-Houston, timer; and John Weatherly score board operator.

The drawings for the regional were unusual in that no team drew the team from its district. Concord faces a real test in her first game with the Symons five which defeated Wingo ten points in the Seventh District final.

Concord holds a 95-32 win over Symons this season. Kirksey's game with Sylvan Shade is expected to go to the Callowayans however Sylvan Shade has not played any of the county teams this year.

In the upper bracket is Fulton and Arlington set for Friday night at 8:30 and Kirksey and Sylvan Shade, the opener for Friday night.

Concord Redbirds Win 8th. District Tournament

The Concord Redbirds, unquestioned favorites in the Eighth District, won the tournament here last week end in a crushing defeat of Kirksey 41-23 in the final Saturday night. The tournament went off without an upset or surprise while the bright spot of the tournament was the Murray Tigers trouncing the Redbirds for three quarters in the semifinals. The Tigers completely outplayed the Redbirds for three quarters with the scores by quarters 5-2; 8-4; 16-9. Concord elicited in the final to sink shot after shot to score 13 points and win 22-13.

Almo's dismissal from tournament competition killed much interest in the tournament as they held one of the best teams in the county and had many strong supporters.

Concord placed two on the all-tournament five with Housden at center and Dunn at forward. Lynn Grove placed Flint at guard; Murray, Russell at guard; Kirksey, Bassell, forward.

Concord receives the W. R. Stodd & Co. Trophy which becomes permanent with three wins. Concord now holds it for the second time and Almo, Kirksey and Lynn Grove each have held it once.

Rayburn's School Bill Passes House

The House Saturday approved after prolonged debate the bill of Wayne Rayburn, Murray, to enable the University of Kentucky and the four teacher training colleges to qualify for gifts of 30 per cent and loans of 70 per cent of the cost for construction of self-liquidating school buildings.

Rayburn is sponsoring a series of bills to enable the various school districts to take advantage of federal legislation to enable them to erect new school buildings.

DISTRICT BEAUTY PAGEANT TONIGHT

Remainder of County Program Also to be Selected; Ashland Trip for Winner

"Miss First District" American Legion will be selected tonight at Murray High School. Beautiful young women, representing 13 American Legion Posts in the district, including Murray Post No. 13, will compete for the honor of representing the First District in the beauty pageant to be held at the state convention of the Legion in Ashland, Ky., this coming July.

Keen interest and a large number of entrants prevented the local pageant from being completed last evening in the high school auditorium and the remainder of the young women from this county will be judged this evening to select the entrant to represent Calloway.

Last Evening, the judges were long baffled to choose five from the 43 young women who appeared on the stage. These five, Misses Roberta Jones, Ruth Virginia Hale, Myrtle Sulter, Beatrice Ellis, Paxon, and Lois Woodwin, Almo, will be considered with five others to be selected tonight for the honor of representing Calloway county. Approximately 20 will be entered for Calloway county tonight.

Post Commander R. H. Hood was master of ceremonies at last night's pageant which, despite the extremely unfavorable weather, was well attended. A number of local artists assisted in the program with vocal and instrumental music and four college girls offered a clever clog dance.

Both the local and district pageants were arranged for and managed by Mrs. Pearl B. Davidson, of Louisville.

District Commander W. B. Kennedy, Louisville, will be master of ceremonies at tonight's pageant.

Special Sign-Up Ends Saturday

The special sign-up will close Saturday with the signing at Hazel. The special signing began Monday at New Concord. A special sign-up has been announced for Friday at times store at Hazel. Signing contracts will be held between 1 a. m. and 4 p. m.

(1) Eighty (80%) per cent of the 1932 acreage and production.

(2) Provided he can submit satisfactory evidence to the county committee that his 1932 and 1933 tobacco crop was materially damaged by drought, flood, disease or insects, the producer may select his best acreage base from any of the options already provided and establish production base by taking two thirds of the yield per acre for any one of the base years (1921-32-33) and applying it to the base acreage chosen.

THIEVES TAKE SMOKED MEAT

Thieves entered the smokehouse of T. B. Thurmond, of two miles Northwest of Murray, last Wednesday night and took seven hams, seven middling, and gallons of lard. No clues have been found that could warrant an arrest. Officers traced the thieves for some distance.

Covington Wins High School Class Sports

Pat Covington's intra-mural basketball team won the intra-mural sports event at Murray High school Wednesday afternoon by defeating the G. W. Faughn five. The inter-class events have been in progress for about five weeks and much interest has been shown.

The closing game presented the most sparkling event of the entire play-off. James Thurmond, of the Covington five, enabled his team to snatch the honors in his brilliant play. He tied the score in the last 20 seconds to play and took the tipoff in the extra period and sank another basket to secure the only points made in the extra period. The game ended 10 all and after the extra period the score stood 12-10 in favor of the Covington five. James Ward was the outstanding helman on the losing team.

Mrs. J. E. Warren To Be Guest Reader At Woman's Club Meeting

The four departments of the Woman's Club will have a joint meeting at "Macon Manor" the home of Mrs. W. H. Mason, Tuesday evening, March 20th.

Mrs. J. E. Warren of Mayfield will give "Green Pastures" by Paul Green. A chorus of Mayfield artists will accompany with negro spirituals. Mrs. Warren's magnetic personality and the ease and enthusiasm with which she addresses her audience has made her a very popular public speaker.

All members are urged to be present at 7:30 o'clock for a short business meeting preceding the program.

Hazel M. E. Missionary Society Met Wednesday

The Woman's Missionary Society of the Hazel M. E. church met last Wednesday afternoon in the home of Mrs. T. S. Herron for the second study of its Mission book. The third chapter, "The Modern Trend Toward Paganism" was given by Mrs. D. C. Clanton.

At the conclusion of the meeting, Mrs. Herron served lovely refreshments, consisting of frozen custard, white cake and minis. Thirteen members were present.

Delmas Have "Artists Night"

Mrs. Wells Purdon and Mrs. F. E. Crawford were hosts for the March meeting of the Delta Department at the home of the latter Tuesday evening.

The rooms were attractively decorated with shamrocks and other St. Patrick motifs. Bouquets of white snapdragons and carnations with the green foliage further added to the beauty of the green and white color scheme.

The guest artists who presented the program were: Miss Myra Peck of Arlington, Ky.; Mrs. M. Woodbridge, and Miss Emma Brown who accompanied Miss Peck.

Miss Peck studied two years in Berlin and was a pupil of Jan Beddoe at Cincinnati Conservatory. She has been a successful chautauqua entertainer. Her voice was clear and her high notes very musical.

Her program was as follows: Swiss Echo—Eckert; When I Was Seventeen—An arrangement of a Swedish Melody; Lullaby—Cyril Scott; Little Brown Owl—Sanderson; Piano Number—Revolutionary Etude by Chopin.

Mrs. Woodbridge in her usual charming manner spoke on "Trends in Modern Art and the Order in Which They Appeared."

She does beautiful work herself and is the mother of two daughters who have won much praise in this field. She used pictures to illustrate and presented her subject in a familiar and interesting way.

Training School Mothers' Club Studies "Mental Health"

The Training School Mothers' Club met Friday afternoon in the seventh grade room.

Beautiful pot plants and pictures made the room very inviting.

A group of piano numbers were given by Elizabeth Fay Upchurch, Zane Houston and Joe Ward.

Prof. W. J. Caplinger spoke to the mothers on "School Requirements."

Mrs. F. E. Crawford spoke on "Mental Health" and presented the following who spoke on some of its different phases: Mrs. Waldo, Mrs. W. M. Caudill, Mrs. Henry Gatlin, Mrs. Leslie Putnam, and Mrs. A. F. Doran.

The third grade won the attendance banner.

A salad plate was served by girls of the seventh grade under the direction of Miss Clara Rimmer, teacher, and Mrs. Hugh Meigun, room mother.

There were 36 members and two visitors present.

A Pernicious and Unscrupulous Enemy

Since its inception Murray State College has been the bitter enemy of the Louisville Courier-Journal, the self-appointed arbiter of justice, truth and political and social economy in the state of Kentucky.

In its biased and cavilous attitude toward Murray State College the Courier-Journal has overlooked no opportunity, great or small, to cast aspersions and obloquy upon this institution. It has distorted facts, it has exaggerated half facts, it has exaggerated. It has, in fact, used all the means and implements of a person little in soul and mind.

It has long ago demonstrated that it has no intention whatever of being fair or open-minded so far as this institution is concerned.

Only in the sports department, edited by that gentleman of gentlemen, Mr. Bruce Dudley, has the Courier-Journal shown any human consideration for Murray. Mr. Dudley has always been generous and magnanimous in his treatment of Murray and her athletic teams. He has done this so well that he has made many friends for himself and has retained many readers of that newspaper that otherwise would have been driven away by the impudent and egotistical hypocrisy of the editorial staff of the Courier-Journal.

The Courier-Journal published on the front page the article summarizing the Griffenhagen report on Murray College. It has never printed a single word, in any part of the paper, of Dr. John W. Carr's answer to that false and libelous report.

Copies of Dr. Carr's article were mailed to the Courier-Journal on March 1 and again on March 3. Despite the fact that the paper has what it calls a "Point of View" column, which is supposed to be open to the general public for discussion of matters of public welfare and interest, Dr. Carr's answer has not yet appeared even in that column or any other page or section of the Courier-Journal.

We wonder how the Courier-Journal, which sets itself up as a paragon of justice and fairness,

deplorable stink will arise in South Murray and stay with us until frost slips us. Let's think of the health and welfare of the citizens and children of this community and put that city sewerage plan, with needed expansion, over without delay.

The fellow who said President McVey of the University of Kentucky wasn't a politician didn't read the letter to the Legislature concerning the State-Centre game.

Griffenhagen should get in and change the 1918 partnership to "Uns, Griffenhagen und Gott".

Kentucky might as well appropriate \$250,000 for Mammoth Cave if it wouldn't be the first time the state's money was thrown in a hole.

Barbers ought to learn that a patron comes in to buy tonsorial service and not conversational entertainment.

We wonder how newspapers continue to exist when a lady quit taking over the excellent contemporary The Sun-Democrat because the creator of the Andy Gump comic serial in that paper wouldn't let "Uncle Bimbo" marry Millie De Stross.

Senator John T. Murphy, of Covington, agrees "Griffenhagen wouldn't know a bill from a bag of hay." Evidently, Senator Murphy not only knows his hay but he also knows Griffenhagen.

The Society of Magicians has asked for GWA jobs. They should have plenty to eat so long as they can pull rabbits out of anyone's hat.

On our all-district team would have been little Cunningham of Kirksey. In our judgment he was the best floor man in the tournament and certainly deserved more attention than this meagre column can give him.

Greece finally greased the skids for Sammy Insull.

We have no doubt but that the state is financially bankrupt but some of their work indicates that Griffenhagen and Associates are professionally bankrupt.

The comment of some people on what they call the "normal" schools suggests that they are abnormal, or subnormal.

Murray, Ky.

Dear Friend:

Your letter of February 27th in which you enclosed \$10.00 as a gift to the Home has been received and we are enclosing our official receipt No. 3310. We wish to take this opportunity to thank you for the interest you have shown in the work we are doing for the boys and girls of Kentucky who would have no one to care for them were it not for the Kentucky Children's Home Society.

We are working under the most terrific financial stress and we are frank to say that if it were not for the support and cooperation we received from our hundreds of friends throughout the State it would not be possible for us to "carry on".

Thanking you again and again in behalf of our boys and girls who will be benefited by your contribution, and hoping that whenever you may have the opportunity, you will visit our Home and see just what we are doing for the destitute children of Kentucky, we are,

Yours very truly,
Kentucky Children's Home Society

Pat's District Tourney Facts
In the Eight District Tourney held at Murray last week a total of 223 points were scored.

A total of 99 fouls were called. Fifty-nine free tosses counted and 57 fell short of the net.

In glancing down the lineup it was found that Bazzell, Kirksey, was high point man of the tourney with 24 points and V. Watson, also of Kirksey, a close second with 22, number three in the race was Hall of Lynn Grove with 20 markers.

It was found that Bogard of the Faxon High team was high scorer for single game with 16 points, scored against Lynn Grove in first round of play.

After a survey of foul shooting, we find a rather low tally. Murray High Tigers grabbed off high honors along this line by making six shots out of seven count; Lynn Grove hit ten and missed 20; New Concord collected nine and gave away 11; Kirksey made 27 free pitches and missed 19; Hazel tallied four and lost 5; Faxon sank three and gave one away.

Regional Tourney
With the Regional Tourney officials electing the same manager and referee used in the Eighth District Tournament we are assured of a well planned and well called contest, Mr. F. A. Sanford and Mr. Fox, respectively. The drawings in Mayfield last Sunday afternoon brought about very promising brackets. In fact, if they had been hand-picked a more equally divided could not have been found.

With the five counties and eight teams participating, with teams like Fulton, Arlington,

Kirksey, Sylvan Shade, Concord, Symonias, Wingo and Bardwell we are indeed in for a great contest.

Accidentally the writer of this column picked team for team in the Eighth District battle, but just how he will come out in this tick will be seen later. However, he gives the following bunk for your approval: Friday—Kirksey to win over Sylvan Shade; Saturday—Fulton to be winner over Kirksey; Concord to top Bardwell, which places Fulton and Concord in the finals and if this happens there is no doubt in my mind but what New Concord will emerge victor. There is a very probable chance for an upset in the lower bracket. It might be said that Symonias and Kirksey are horses of the darkest color.

As far as the Calloway teams are concerned, I think they will both be in better shape for the Regionals. Kirksey should be hitting her stride and at a fast pace at that. Concord has a great team and if it can stand the strain and grind of a long and successful season of play we expect to give them a big send-off when they go to the State melees.

It is very important that people who plan to spray their orchards should do so soon because the time is limited. The F. F. A. boys may not be able to spray all the orchards that have been requested due to limited time, but the Chapter will furnish the spray and materials and give a few demonstrations of the spraying.

Ag I and II boys have been pruning Mr. Chess Beach's orchard during the last few days.

In our studies we have found that it is important to have plenty of nitrogen in the spring. This should be supplied with nitrogen soda or tobacco stalks or better.

The Taylor County Strawberry Association has been re-organized and will sell produce locally until a large-scale commercial project can be started.

Kirksey F. F. A. Notes

People who used hygrometers in 1933 will be asked to fill out a survey sheet prepared by the agriculture teachers.

F. F. A. baby chick mash is finding a ready sale. This mash is made of fresh meat and purest feeds to be secured. It is recommended to be fed on papers the first two or three days, just the amount the chicks will readily consume in a few minutes. After the first two or three days it should be kept before the chicks all the time. It is recommended that all poultry growers follow the "Clean Chick program", which consists of blood tested stock, grown in clean houses and on clean grounds. Every poultryman should make an effort to raise early pullets so as to get fall eggs while prices of eggs are better.

After seven long weeks in the dead of winter tobacco got in order. Murray will be full-up this week. Yes, they are signing-up to cut the acreage. Rosa-beek-a-lina!

We always read Rayburn's letters to the Ledger & Times from Frankfort.

Low down, sneaking thieves stole seven big hams, seven mid-dle of bacon and eight gallons of lard from Tom Thurmond one night last week—the day before they killed his dog.

Hardin High School

By Ed Kellow

The Hardin Blue Eagles ended their season at Calvert City Friday night in the tournament when they did their biggest spread of the season as they lost to Birmingham 27-16. They got plenty of open shots but they could not make them count.

Those attending the tournament from Hardin, besides the players, were: Miss Lila Smith, Miss Geraldine Putman, Miss Georgia Ferguson, Miss Wilma Gardner, Miss Jerry Jones, Miss Evelyn Jones, Miss Hazel Andrus, Prof. F. G. Holland and family, Mr. Copeland, Joel Trimble, Dwight Pace, Dallas Lancaster, Joe T. Youngblood, Phil Youngblood, and Edd Kellow.

"The Third Customer," a play that is ranked among the best of amateur productions will be presented at Hardin High school with an all-star cast Thursday night. Hardin is very fortunate in getting this play for her patrons.

"The Heaped Hero" is still in making. Bad weather, basketball and debate practice have hindered practice. However, it will be put on in the near future.

The debating team lost the decision to Reidland Wednesday afternoon as only two debaters spoke. The Rev. Last, also of Reidland, was the judge. Those debating were Ed Kellow and Dallas Lancaster on the negative while Raleigh Bartlett and Jeannette Gentry represented Reidland.

Reidland debates Hardin Tuesday afternoon at Hardin.

Other debates on the Hardin schedule are: Murray at Hardin, Thursday afternoon, March 8; Hickman at Hardin, Monday night, March 12; Hazel at Hardin; Hardin at Hazel; Sedalia at Sedalia; Murray at Murray.

The Hardin Blue Eagles, after coasting along in basketball, are prepared for baseball and are really intending to go somewhere.

Hardin will probably strut its stuff in her first game with new suits. Among the teams to be played are: Reidland, Ogbertsville, Calvert City, Cadiz, Bowling Green High, Golden Pond, Heath, Murray and Lone Oak.

Miss Lyle Crawford, Hardin music teacher, will bring her Brewster class to Hardin to entertain the school in chapel in the near future.

More time will be used on Boy Scout camps than in any year since 1929, County Agent Joe Hurt reports. Trucks are being used to haul the time from a local plant.

Boy Scout News

Thursday, James Distler told us about camping up in Illinois. First the camp was at Dixon Springs. It was found that the territory was too small to suit them. They scouted around and found a place near Ozark, Ill. The place was named Camp Pack-entuck. Cabins were built, a mess hall and headquarters constructed. The mess hall was about 15 feet from the ground in front and level with the ground in the rear. Under the mess hall is a work shop where you spend your leisure time.

Not far from the camp is a water fall of about 80 feet, in front of the fall there is a swimming pool. Swimming is permitted twice daily usually, but in extremely hot weather the scouts are granted this pleasure three times. A plunge is taken in the morning before breakfast.

Sunday is visiting day, therefore the scouts are in full dress for the visitors. On week days they go around in shorts and tennis shoes. In the afternoons they play baseball or some other game on a large athletic field.

Early evening programs are given by occupants of each cabin, after the program is over a battle is sounded and everybody is supposed to go to their own cabin. In about ten minutes another battle is sounded and if anyone is found out he is immediately tossed out of camp.

Scouts of Troop 45 and 46 are planning to go up there this summer. It only cost \$6.00 to attend this camp.

We had six new members at our Scout meeting.

Monday we had Drum and Bugle Corps practice. Monday night. Only a few were in attendance and a very poor practice was held.

Build Up Health and Pains Go Away

WOMEN who suffer from weakness often have many aches and pains which a stronger state of health would prevent.

Women in this condition should take Cardui, a purely vegetable tonic that has been in use for over 50 years. Take Cardui to improve the general tone of the system in cases of run-down health and "nervous" women have found, in such cases, that Cardui helps them to overcome pains and make the monthly periods easier. CARDUI is safe and whole, some for women of all ages. Try it!

WOODMEN OF THE WORLD PRESIDENT HONORED THROUGHOUT U. S. FOR 35 YEARS OF SERVICE

Bradshaw's Long, Faithful Devotion to Duty Celebrated During March

Woodmen of the World members throughout the entire country are celebrating the month of March as a gigantic campaign in honor of Dr. E. Bradshaw, president, who

was Sovereign Sentry in 1899 in Little Rock. He later went to W. O. W. headquarters in Omaha as General Attorney and his work was so outstanding that it brought him national prominence as the leading fraternal life insurance counselor in the country.

"The record of Mr. Bradshaw is so outstanding and noteworthy that the spirit of fraternalism in W. O. W. has never before been greater," said Col. T. E. Patterson, vice president.

"Mr. Bradshaw has endeared himself to every member because he not only has been progressive in expansion, but his wisdom in safe investments and protection for policyholders is a shining example for the entire country."

A giant bulletin board has been erected in Mr. Bradshaw's office upon which are posted daily results of a campaign to exceed all past records for a month. It is expected that the total will exceed eight million dollars.

The Woodmen of the World Life Insurance association is showing evidence that the "corner of prosperity" has been reached, its assets having been increased during last year by more than \$4,000,000 and its certified by more than 55,000. It now has assets of more than \$115,000,000 and is considered the strongest fraternal life insurance associations in the world.

The Woodmen of the World operates Radio Station WOV in Omaha and has a tuberculosis hospital and chapel in San Antonio, Texas.

W. O. W. is now moving to its new quarters in the Insurance Building in the heart of Omaha. The Insurance Building, which is owned by W. O. W., has been transferred into one of the most modern buildings in the city. It has a huge vault formerly occupied by a bank and trust company. More than \$105,000,000 of securities were recently moved under the care of forty armed men and armored cars down the main street of Omaha to the new burglar-proof vaults.

More than ninety-five per cent of W. O. W.'s assets are in the highest grade government, state, city and county bonds of nearly every state in which W. O. W. does business.

His first national W. O. W. office this term. Good work has been done and much progress made by the pupils.

Representatives selected by the high school classes entered the beauty pageant sponsored by the American Legion Wednesday evening. Ruth Pogue was selected to represent the Freshman class, Nancy Ruth Hutchins in the Sophomore class, Adell Miller, Junior, and Anna Mary Rudd for the Senior representative.

Dr. E. A. Strode, state board of health, conducted a dental clinic in Murray the past week for the children of the first and second grades. Sixteen children from this school had work done on their teeth.

A series of intramural basketball games started Monday. Five teams, under management of varsity squad members are competing. These games will continue for two weeks at the noon period and enthusiastic spirit is rapidly growing.

The party given by the Leaders' League Society to the N. R. A. Society Monday night was enjoyed by the entire high school, faculty, and a few invited guests. Many interesting games were played before the serving of refreshments. The party was concluded with a basketball game between the two societies, the N. R. A. winning by a score of 22-17. The Leaders' League defeated the N. R. A. earlier in the season.

We are looking forward to the scholastic tournaments to be held at Murray and Lynn Grove next week. Our fifth and eighth

grades won second place in scholarship events at New Concord in December and we are hoping the high school will do as well.

Now that the county basketball tournament is over, we have divided the boys who are interested in basketball, and who did not make the varsity into four teams to be directed by four first team boys as follows: Robert Ross, Alvin Cohen, Herbert Walker, and Orville Walker. Two games have been played at the present writing. O. Walker's team defeated H. Walker's team and Cohen's team defeated Ross' team. Play will be continued throughout the week, the winner being selected on a percentage basis.

In the basketball tournament played at Murray last week, Faxon and Lynn Grove played the opening game, which was a real good game and was in doubt for both sides until the last whistle. The score was tied several times and the lead changed six or eight times. Neither team getting more than four points ahead at any time. The game closed with Faxon in possession of the ball and the score standing 26-25 for Lynn Grove. The Faxon Blue Birds exhibited the best brand of ball they had ever played in previous district tournaments. We only lost two players, therefore, there are good prospects for next year. The outstanding player of the game was Greta Board who tallied 15 points to Double Hall who made 8 for Lynn Grove.

Work will begin at an early date on a 3-act comedy entitled "He's My Pal."

Vernon Trevathan, Ennis Watkins, Odell Puckett, and Lenard Wood were unable to return to school this week, although they are much improved. Raymond Brittain was also unable to attend school.

Emil Duell Burken a student of the primary department is suffering from a broken arm. He received the injury Sunday afternoon while jumping from a bridge.

The students and teachers are making preparations for the tournament which is to be held at Lynn Grove High School, March the seventeenth. The students are being selected for the contest to be held at Murray March the fourteenth.

Debates

The debating team has been handicapped by the absence of Vernon Trevathan due to illness. Trevathan is still unable to attend school and is not expected to be able to participate in the county tournament. A debate was scheduled with New Concord Tuesday night of this week but was called off as no other speaker was prepared to take Mr. Trevathan's place on the team. The negative team composed of James Overbey, Leon Burken, Hugh Phillips will meet the Hazel affirmative team Thursday night March the eight at Hazel.

Representatives of Almo High School in the Calhoun County Beauty Pageant, sponsored by American Legion, were selected Tuesday. They were: Freshman, Kathleen Brown; Sophomore, Laurine Wood; Junior, Lela Goodwin; Senior, Virginia Donelson.

JOHN MAC DEFENDS
RAYBURNFrankfort, Ky.
March 6, 1934

Dear Joe:

I have noticed your reference in "Jots" as to how Waylon Rayburn voted on the licker bill, to submit, etc. While this is not EXACTLY in point, if you will read his record of announcement you will note that he says he is "personally and POLITICALLY dry." He was elected on that issue, largely. He put the voters on NOTICE and warned them. Of course a "submission of the matter to the people" is only a slightly different thing.

They might have known he would vote again licker at every opportunity. Besides, Waylon has many ins and outs to contend with here, but as you say he is playing the game for the benefit of our main asset—the State School.

He is making a damn fine representative and is far above the average. When RAYBURN speaks THEY LISTEN, believe you said! He takes to legislation like a duck to water, and knows his onions all along the line.

Just that I would let you know how I feel about it, because you know I am a WET, like yourself politically, BUT NOT personally. JOHN MAC.

Not the least bit embarrassing to be called upon to account for your statements, if you have only told the truth. By "medical ability" we meant simply that. Anyone who knows to put stockings on little children, when a "medical ability" appears, has some "medical ability." Now save on. Here's wishing others would manage their own schools and let ours alone. Those who are so disinterested should try going to school some. "Tilda."

Purina Advertising Begins This Issue

J. W. Crompton & Co., distributors of the famed Purina poultry and stock feeds in this territory, are beginning their spring advertising campaign in The Ledger & Times this week.

Mr. Crompton, manager of the firm, and J. H. The Purina Company has been an effective user of newspaper advertising for many years. With this company the value and profit in newspaper advertising is not a theory but a demonstrated fact.

President of University of Indiana to Deliver Address

DR. J. W. CARR SECURES SPEAKER'S SERVICES

Dr. William Lowe Bryan, president of Indiana University, will deliver the commencement address, May 31, at Murray State College, according to a statement made by Dr. J. W. Carr, Murray's president. Dr. Carr, who received his A. B. and A. M. degrees from Indiana University, secured the speaker. Dr. Bryan received his B. A. degree from Indiana University in 1894; his M. A. from the same institution in 1896; his Ph. D. in 1892 from Clark University; and his LL. D. in 1904 from Illinois College. "Plato the Teacher" and "The Republic of Plato, With Studies for Teachers" were written in collaboration with his wife. More of his works are "Selections from Plato" (edited with notes and introduction), 1937; and "The Spirit of Indiana", 1917.

Dr. Charles Hite, instructor at Murray State College, who has been teaching a student and a faculty member under Dr. Bryan, says that Dr. Bryan is a very profound and deep thinker.

Miss Helm's Article To Be Published

Miss Emma Helm, critic teacher in the sixth grade, has been informed that a Unit on Birds which she has planned and worked out in her English class in the Training School has been accepted by E. A. Owen publisher, and will appear in the April, 1934, issue of The Ledger & Times.

In this work Miss Helm shows how nature study, English and art may be combined.

A study of birds is made through field study, observation, reading and research. This is

followed by written English in the form of letters to companies and individuals for information and in compositions. Bird stories are told, poems and songs enjoyed and debates conducted. Club work and programs furnish interesting outlets. For construction work bird posters, illustrated booklets, bird houses, drawings and paintings of birds are effective means of expression.

The study helps to develop within the child a keener understanding and appreciation of birds and their habits as well as a more sympathetic understanding of nature in general.

1000 STUDENTS ON CAMPUS COMPRISE NEW ENROLLMENT

796 Are in College Proper; 301 Enter in Training School

SECOND HALF OF TERM OPENS ON APRIL 2ND

Murray State College officials hope of 1000 students on the campus has been fulfilled.

A total of 796 are now registered in the college proper and 301 are enrolled at the Training School.

Class work began Tuesday, January 30, although students may register as late as February 5 for maximum credit. Several school teachers were expected to register before this date. February 30 is the last day to register for limited credit.

Students wishing to enter for the last nine weeks of the spring term will register on April 2. Class work for the mid-term will begin on April 3, with April 4 the last day to register for maximum credit for the mid-semester. Commencement week is scheduled for May 27-31. The spring semester closes June 1.

Ample facilities have been provided for every student entering in Murray State College. The college is offering about 259 courses in 13 distinctive fields, with 18 majors, 20 first minors, and 22 second minors in the various departments.

Room and board for women in Wells Hall, co-ed dormitory, has been obtained for as low price as \$4 per week. The more desirable rooms have been secured with board for \$4.50. The rates in the men's dormitory are \$4.50 for room and board.

Murray State College is the only accredited four-year college of Western Kentucky and has a Class A ranking in the following associations: Kentucky Association of Colleges and Universities, American Association of Teachers Colleges, and the Southern Association of Colleges and Secondary Schools. Athletically, Murray State is a member of the Southern Intercollegiate Athletic Association, the largest athletic conference in the world. Murray won the S. I. A. A. football championship last fall.

1834-1934

Mr. Lovett could tell me who held the first title to the land on which the City of Murray, Ky., now stands. I had hoped that information would be given in the History of Calloway County, Kentucky.

This little bit of history may interest you. My grandfather, Luke Dees, a Methodist minister in his day also was a soldier in the war of 1812 and for such services was given "Records at Frankfort, Ky." 46 tracts of land of 160 acres each, in 1834, some in Graves, some in other counties but principally in what is now Calloway county. Surely he was a considerable service to the land had little value.

The land granted was in Western Kentucky and what is now known as the Purchase. There was one particular tract of something over 1700 acres where the old Dees home stood, located on

Clark's River near the old Dees Ford.

The first Mrs. Dees, my grandmother, who was closely related to Geo. Rogers Clark, after whom Clark's River was named, died about February, 1839. The second Mrs. Dees was Thursday Schellfield. She was so named because she was born on the day of the big storm that did so much damage in Kentucky. I believe in about 1818. She was the mother of Elizabeth (Aunt Bettie) Trevathan, Joe, and the well known S. H. Dees, who was Luke Dees' son. Luke Dees died in August, 1848, during the Mexican war.

Kentucky has always been noted for its Derby, even before 1818. I have never heard where the first race track was located, the first jockey or the name of the first race horse, but before 1848 there was located on this 1700 Dees' tract a race track rather private where the Dees boys, Caleb, Mack (who was red headed) and Danny (David Gaines) my father, representing the Dees family with Luke, the good minister's riding near, with the Hood and Curd boys representing other interest. Cale was the rider, Mack the ground manager—to see that Luke got a fair start—and Danny as look-out. Many times when they were supposed to be working, race records were being made, Luke was supposed to be on pasture some distance away. She also was a little bell. When races were taking place, Danny, as look-out, carried the bell around, after careful training from Cale and Mack to ring it just right, so the minister would not think Luke had strayed.

Cale was rather an expert rider and one of his whims was that Luke's horse must always be well dressed before racing as he wanted that Hood horse to see what pretty, clean heels he had.

Lulu's end was rather tragic. One day of a big race, Danny fell asleep on a large stump, due to the warm sunshine. The Reverend, wondering why Luke's horse was so still, went looking for her and found Danny asleep across the stump but holding the bell. His father supposed he had found it, and the situation was extremely embarrassing to Luke. He dared not call, but Cale saved the day by galloping up to set the bell, saw the father, turned Lulu towards Clark's river, rode her in the water to remove evidence and was the cause also of removing the cause as she died from the effects.

During the summer of 1848, drafting officers came to draft grandfather for the Mexican war. Cale on this occasion wanted to display his riding ability, on his pet steer. Danny was to hide a pile of corn cobs (Cale had shown him just how) and when Cale came around on his calf, Danny was to jump out and say boo-boo. That calf made straight toward Luke Dees, drafting officers and all, nearly upsetting the bunch. Danny was considerably scolded, the Reverend embarrassed and the drafting officers amused. Father tearing the wrath of both the Rev. and Cale the more, hid up under the eaves on the top plate of the old log barn and he was not found until near morning and then had to be pried from his hiding place. His father comforted him by telling him he was too old to go to war as a soldier, but he might go as a preacher.

I have been told indirectly that Cale's house was used as breast-works in the old fort at Columbus in Civil War and is heard say also that he was chosen for his riding ability to carry a message for hurried relief through a line that meant almost sure death. He rode a black horse with only the halter. He rode so low on the side of the horse he was hardly visible on the other side. No one ever knew his fate—as the horse was shot down and the rider seen to stagger and fall.

When I think of the advancement that your county has made in these 100 years I really feel that my ancestors played a small part in the early development. It would be quite interesting if

the subject was taken up of the earliest entries of the land, from official records, not hearsay and put into your next History of the county or the Western part of Kentucky.

If you have the information who really first owned this land—I understand the first county seat was at Wadesboro and was removed to the present site, Murray, in 1844. I have been told that my grandfather took a part in that change.

Do you have at the courthouse any real early records? We have here the old records used, called commissioners' records, those used while the state was a territory. They are wonderfully interesting.

My great-grandfather, Joe Wood, a Revolutionary soldier, came to old Ft. LaMothe, while it was only a fort headquarters at Vincennes, also a place full of history. That place has grave markers as early as 1595. Joe Wood, Sr., died in 1819 and the record shows his son, Joe, Jr., soldier of 1812; was appointed administrator of his estate of 1820.

Vincennes has a library at the old Mission Church of the most valuable books in the world, one Bible especially, printed in 16th century.

The Kentucky soldiers did their fighting around Old Vincennes and others in Wayne County, Mich., near Detroit.

Dr. Atkins To Give Physical Examination

Every student in Murray State College is being given a physical examination by Dr. N. M. Atkins, school physician.

This examination includes the past history of the student, infectious diseases that the students have had, and present infections.

A copy of the examination will be placed in the registrar's office for future reference. Every student will be given a physical examination once a year, according to Dr. Atkins.

Knox county farmers are planning gardens, etc., so as to have more garden and truck crops for home food supply. Increased use of poultry and dairy products at home is planned.

Letters to Editor

AN APPRECIATED LETTER

Philadelphia, Penn., Feb. 19, 1934

Mr. Joe T. Lovett, Editor, Ledger & Times, Murray, Ky.

Your "Jots" of last week remind me of an incident involving E. W. Scripps, originator of the Scripps-Howard chain of newspapers. His merchants came to him one day and complained that his paper wasn't representative of the town; it gave visitors the wrong impression to see a four-page sheet come out when it should be at least three times that large.

"I haven't a thing to do with that, gentlemen," said Scripps. "It is very embarrassing to me, however, the same as it is to you."

"You haven't anything to do with it?" the delegation inquired in surprise. "Don't you own the papers?"

"Certainly, certainly, I own it," said Scripps, "but you gentle-

men determine its size. Any time I run less than fifty-fifty—half advertising and half news—I lose money. I can't afford to lose money. Now, you gentlemen double the advertising and the size of the paper will be doubled. In fact, I suggest that we quadruple its size!"

Which reminds me that I haven't received yet, so here's the two toad hides. I'd as soon go without my spats as do without the Ledger & Times. And you need spats when you can't buy high boys and it is playing all the way down to 26 below zero, as it has been doing up here. Hoping you are the same, I'm

Sincerely,

Bill Pigue

FOX TO OPEN RADIO STATION

An amateur radio station will go into operation at Murray State College within a few days, according to Willis Fox, sophomore of Obion, Tenn.

Officials of the Federal Radio Commission have granted a license for the station, and construction of the transmitting apparatus has been started.

The license permits the station to operate in the special short-wave frequency bands assigned to amateurs, using either code or phone. The transmitting equipment will be located in the basement of the Training School.

The station will be of great value, not only in getting increased publicity for the college, but also in connection with the work of the physics department, Mr. Fox stated.

The station will be operated temporarily under the call letters of Mr. Fox's Obion station, W4AXI, but effort will be made later to obtain a separate license for the Murray station.

People Pay No Attention

TO ADVERTISING MATTER THROWN IN YARDS AND ON PORCHES

A survey made by the Los Angeles Advertising Club the other day shows that 86 per cent of all women and 57 per cent of the men watch for and read newspaper advertisements. Also that 77 per cent of the people pay no attention to advertising thrown in yards and on porches.

An advertisement in THE LEDGER & TIMES goes direct into the home. A combined city and country circulation gives Calloway county advertising stores a perfectly balanced coverage of the buying field.

SOCIETY

P. T. A. Met
Wednesday

The Parent-Teachers' Association of the city school held its regular monthly meeting in the school auditorium Wednesday afternoon with a good attendance. Invocation was given by The Rev. O. A. Marrs. An interesting report of the district meeting held in Paducah, Tuesday, was given by Mrs. Shelby Davis. Mrs. M. D. Holton made a splendid talk on "Home and the Child". Mrs. Ronald Churchill presided over the business session.

Miss Gladys Hamilton's Picture
Appears in Detroit News

Pictures of Miss Gladys Hamilton appeared in the Detroit News on February 22 and again on March 4th. Miss Hamilton is conducting cooking schools as an advertising agent for Hinkel products and is receiving much praise. Morley Brothers also use her work to present gas ranges to the public.

Dan Johnston Celebrated
Ninth Birthday

Dan Johnston celebrated his ninth birthday with a party Wednesday afternoon at the home of his parents, Mr. and Mrs. R. A. Johnston.

Games and contests were enjoyed.

Lovely gifts were presented the birthday guest.

A delicious plate was served.

Balloons were given as favors.

Miss Alma Christman assisted Mrs. Johnston with the game.

Those present were:

Martha Jean Pennebaker, Harold Glen Doran, Hubert Barnes, John Doe, Henry, Paul, and others.

Jo Ann Fulton, Eleanor Hile, Louise Putnam, Lora Doyle, Wells Lovett, John Daniel Lovett, Joe Windsor.

DON'T GET UP NIGHTS
Physic the Bladder With
Juniper Oil

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUCKETS, the bladder physic, also containing bitters, leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleanse and you get your regular sleep.

Date: Stuttsfield & Co., says BUCKETS is a best seller.

Ralph Shell Honored
On Birthday

Mrs. R. A. Shell honored her son, Ralph, with a party Friday afternoon from 3:30 to 5:30 o'clock.

He was the recipient of many little gifts. Games and contests were enjoyed by the little folks. Dainty refreshments were served by the hostess, assisted by Mrs. Chas. Cain. The table was pretty carrying out the color scheme of pink and green. A large white cake decorated with pink and green animals around it, initiating a merry-go-round, with rose bud candle holders holding seven little candles was the centerpiece.

Those present were:

Isabelle Cain, Betty Jo Lassiter, Ned Beaman, Suzann Miller, Gene Shelton, Jerry Cain, Ralph Shell, Mrs. Cain and Mrs. Shell.

Some sent presents that could not be present.

**Miss Camp Entertains

Miss Reba Miller, Miss Nellie Ruth Jones, Miss Kathleen Caldwell, Misses Reba and Rubena Ford, Miss Verda Slaughter, Miss Clara Crawford, and Miss Emma Lee Camp.

James Miller, Coddie Lee Caldwell, Bobby Singleton, James Sims, Leon and Fred Timoley, Fred Poole, Julian Slaughter, Covel Myers, Gene Rogers, Mr. and Mrs. Luck Burt and Randall.

**Mrs. Roosevelt To Launch
Business Women's Week**

Mrs. Franklin D. Roosevelt will formally open the seventh National Business Women's week of the National Federation of Business and Professional Women's Clubs Monday evening, March 12, Mrs. Gelline MacDonald Bowman, president of the Federation, announces that the President's wife will set in motion the various activities of the annual observance through a nation-wide broadcast. Mrs. Roosevelt, who is an honorary member of the Federation, will announce to the business women of the country the outcome of their campaign to put 10,000 of their sisters back at work.

Through the press, magazines

and the radio, business women will endeavor to show how women are participating in the business comeback of the United States; they will also urge long-term planning, on a sound economic basis, for their individual communities, planning which will help in economic reconstruction and will assure a development of community resources for the well-being of all its members.

Two years ago the Federation began working out a ten-year plan, calling for study of economic problems and their social implications. In line with this idea, the Federation is interested in education; housing; recreation and the use of leisure; constructive economy in local government; relief and unemployment; and these subjects will be discussed by well-known speakers at Re-employment Day luncheons and Public Relations dinners all over the country during Business Women's Week.

**Kirksey M. E. Missionary Society
Met Tuesday Afternoon**

The Woman's Missionary Society of Kirksey Methodist church held its regular meeting Tuesday afternoon, March 6th.

Those present were:

Mrs. Max Hurt, president; Mrs. Eunice Carson, vice-president; Mrs. Autumn Ezell, local secretary; Miss Mary Reed, corresponding secretary; Mrs. Brandon Hurt, social service superintendent; Miss Christelle Palmer, mission study superintendent; Mrs. Betty Reid, superintendent Bible study; Mrs. Wesley Shelton, Miss Moyana Dell McCallion and Mrs. W. M. Vaughan. Mrs. Edna Swift was a visitor from the Mt. Carmel Society.

A very helpful and instructive program was given which included interesting discussions by Mrs. Brandon Hurt, Mrs. Eunice Carson, and Miss Christelle Palmer.

A very instructive dialogue was also given by Mrs. Max Hurt and Miss Mary Reid on "Our Missionary Work in Brazil".

Miss Mary Reid and Miss Christelle Palmer were elected delegates to the Missionary Conference to be held at Paris.

Mrs. Max Hurt, president, urged all who could possible attend the conference to do so. She stressed the fact that we are bound to go on and return the same day.

The society was dismissed after singing hymn, "Savior Like a Shepherd Lead Us."

Calloway Fives' Season Records

The season's records of Calloway county fives to tournament time are listed below showing the progress of each team. In some instances scores were not secured but the record is in most part complete.

As nearly as possible, The Ledger & Times has kept a record of the work of the county teams throughout the season. In some cases, games have not been recorded but the following record is complete in most instances.

SHIELD TO HONOR COACH STEWART

Senior Class Selects Mentor for Dedication Page of Yearbook

The "Shield," Murray State College annual, will be dedicated to Varsity Football Coach Roy Stewart this year.

Coach Stewart came to Murray State in the fall of '31 as assistant freshman coach. The fall of '32 saw his first varsity football team here and this year has marked the attainment of which every coach dreams—that of producing an unbeaten, untied team, to date.

The varsity mentor came to Murray College from Union University, Jackson, Tenn., where he filled the position of head coach for five years.

Since he has been at Murray State, Mr. Stewart has been instrumental in the production of an unbeaten Freshman team in '31. Last year's varsity lost only two games, tied three, and won four.

Coach Stewart was born in Paris, Texas, in 1902. His family moved to Arkansas when Mr. Stewart went to grammar school. When he was 11, the family moved back to Texas where he worked as a ranch hand for six years and attended school.

The lanky Texas cowboy went to High School in Haskell, Texas, where he was active in football, basketball, baseball, tennis and track. He served as captain of each respective sport at sometime during his high school career.

Enters Union

In 1921 Coach Stewart entered Union University at Jackson, Tenn., where he served as captain of the football, basketball, baseball, and tennis teams.

In the fall of '24 and '25, he was chosen as all S. I. A. A. half-back and was also awarded a medal from Union University as the best player on the team for those two years. He was forward in basketball and shortstop on the baseball team.

Coach Stewart has also attended Columbia University where he had football coaching training at the University of Missouri, under Henry and at Northwestern, under Dick Hanley and at Wisconsin, under Thistlewaite.

He spent a year at Columbia and one summer each at the other three places.

While at Union U., Coach Stewart played two years under Robinson, an ex-Army coach and three years under Joe Guyon, then succeeded at Union. Guyon, an Indian, was All-American one year at Georgia Tech and one year at Carlisle Indian School.

In 1926, Coach Stewart married Miss Ryan Jones. They have two children, Bobbie, 6 years of age, and Chad, 2 years.

Coach Stewart is the son of Mr. and Mrs. R. W. Stewart and has two brothers and two sisters.

In the school year of 1925-26, Mr. Stewart coached freshman athletics at Union, and in the fall of '26 he was head coach, coaching all athletics taught at that time as well as introducing track. He was a 4 year 5-letterman in high school and a 4-letterman during his college career.

Miss Spann Added To Murray Staff

A new instructor, Miss Liza Spann, has been added to the biology department of Murray State College.

Dr. Alfred M. Wolfson, head of the biology department, stated that an increase in the number of students enrolled in the biology classes made necessary the addition of a new instructor.

Miss Spann is a native of Calhoun County. She graduated from Murray High School with highest honors in her class and received a medal in recognition of her superior work.

She received her bachelor of arts degree at Union University where she was a honor student. She later attended Peabody College where she received her master's degree in biology.
